Good Morning.

Videos of use of force incidents (tube feedings) are submitted to the Regional Offices. CPD does not maintain these videos.

Thank you.

We are currently in litigation regarding the above FOIA request. The requester asked for all videos of any involuntary feeding/Force Feeding Videos regarding the above inmate. We received 6 videos from the institution (ADX Florence) but as part of the litigation the requester is saying claiming that we did not conduct a proper search because per policy all videos must go to Central Office for review and that we should have requested a search be done of Central Office. While the institution is the logical and reasonable place to search for the videos, since she is quoting policy we think it would be in our best interest to have a Central Office search completed.

Can you please see if someone can conduct a search regarding inmate Salameh for any Force Feedings/Calculated Use of Force videos from January 1, 2002 to December 31, 2015. If you find any videos can you please forward them to me. Keep in mind if there are any videos found, they will be withheld in their entirety.

If you have any questions, please do not hesitate to contact me. Thank you.
